#### B. Order of Delineation

1. The Conservation Commission has determined the following (check whichever is applicable)

a.  Accurate: The boundaries described on the referenced plan(s) above and in the Abbreviated Notice of Resource Area Delineation are accurately drawn for the following resource area(s):

1.  Bordering Vegetated Wetlands  
2.  Other resource area(s), specifically  
a BORDERING VEGETATED WETLAND AS SPECIFIED ON ATTACHED SHEET

Massachusetts Department of Environmental Protection  
Bureau of Resource Protection - Wetlands  
**WPA Form 4B - Order of Resource Area  
Delineation**

Massachusetts Wetlands Protection Act M.G.L. c. 131 S40

Provided by MassDEP:  
MassDEP File #:290-1091  
eDEP Transaction #:1430647  
City/Town:SOUTHBOROUGH

b.  **Modified:** The boundaries described on the plan(s) referenced above, as modified by the Conservation Commission from the plans contained in the Abbreviated Notice of Resource Area Delineation, are accurately drawn from the following resource area(s):

1.  Bordering Vegetated Wetlands
2.  Other resource area(s), specifically  
a.

c.  **Inaccurate::** The boundaries described on the referenced plan(s) and in the Abbreviated Notice of Resource Area Delineation were found to be inaccurate and cannot be confirmed for the following resource area(s):

1.  Bordering Vegetated Wetlands
2.  Other resource area(s), specifically  
a.TWO AREAS LABELLED DETENTION BASIN AS SPECIFIED ON ATTACHED SHEET

3. The boundaries were determined to be inaccurate because:

DETENTION BASINS QUALIFY AS BVW PER 310 CMR 10.02(2)(C) AS BASINS WERE CONSTRUCTED PRIOR TO NOVEMBER 18, 1996

### **C. Findings**

This Order of Resource Area Delineation determines that the boundaries of those resource areas noted above, have been delineated and approved by the Commission and are binding as to all decisions rendered pursuant to the Massachusetts Wetlands Protection Act (M.G.L. c.131, S 40) and its regulations (310 CMR 10.00). This Order does not, however, determine the boundaries of any resource area or Buffer Zone to any resource area not specifically noted above, regardless of whether such boundaries are contained on the plans attached to this Order or to the Abbreviated Notice of Resource Area Delineation. This Order must be signed by a majority of the Conservation Commission. The Order must be sent by certified mail (return receipt requested) or hand delivered to the applicant. A copy also must be mailed or hand delivered at the same time to the appropriate DEP Regional Office (see <http://www.mass.gov/dep/about/region/findyour.htm>).

### **D. Appeals**

The applicant, the owner, any person aggrieved by this Order, any owner of land abutting the land subject to this Order, or any ten residents of the city or town in which such land is located, are hereby notified of their right to request the appropriate DEP Regional Office to issue a Superseding Order of Resource Area Delineation. When requested to issue a Superseding Order of Resource Area Delineation, the Department's review is limited to the objections to the resource area delineation(s) stated in the appeal request. The request must be made by certified mail or hand delivery to the Department, with the appropriate filing fee and a completed Request for Departmental Action Fee Transmittal Form, as provided in 310 CMR 10.03(7) within ten business days from the date of issuance of this Order. A copy of the request shall at the same time be sent by certified mail or hand delivery to the Conservation Commission and to the applicant, if he/she is not the appellant. Any appellants seeking to appeal the Department's Superseding Order of Resource Area Delineation will be required to demonstrate prior participation in the review of this project. Previous participation in the permit proceeding means the submission of written information to the Conservation Commission prior to the close of the public hearing, requesting a Superseding Order or Determination, or providing written information to the Department prior to issuance of a Superseding Order or Determination. The request shall state clearly and concisely the objections to the Order which is being appealed and how the Order does not contribute to the protection of the interests identified in the Massachusetts Wetlands Protection Act, (M.G.L. c. 131, S 40) and is inconsistent with the wetlands regulations (310 CMR 10.00). To the extent that the Order is based on a municipal bylaw or ordinance, and not on the Massachusetts Wetlands Protection Act or regulations, the Department of Environmental Protection has no appellate jurisdiction.

# TOWN OF SOUTHBOROUGH

## CONSERVATION COMMISSION

CORDAVILLE HALL · 9 CORDAVILLE ROAD, LOWER LEVEL · SOUTHBOROUGH, MASSACHUSETTS 01772-1662  
(508) 281-8984 · FAX (508) 480-0161 · [mdanza@southboroughma.com](mailto:mdanza@southboroughma.com)

## Findings of Fact

250 Turnpike Road  
290-1091

### Accurate

The Commission finds the following wetland resource areas accurate and defined as Bordering Vegetated Wetland as shown on the approved plan:

1. WFL 1-60
2. GCC 1-20
3. B 1-41 (except B3 & B18R as outlined below – previous plan dated 7/7/22 demonstrate correct location)

### Inaccurate

The Commission finds the following areas as depicted on the plans inaccurate:

1. Flag B3 – correct location is B3R on 7/7/22 plan
2. Flag B18 – correct location is B18R on 7/7/22 plan
3. Detention Basin: 1-15
  - a. Located on the eastern portion of the site
  - b. North of B series BVW
4. Detention Basin: A 1-11
  - a. Located on the western portion of the site
  - b. Directly north of BVW flags GCC 1-2; 19-20

The Commission has found that the two (2) areas labelled 'Detention Basin' do not meet the exemption criteria for Areas Subject to Protection in 310 CMR 10.02(2)(c) for the following reasons:

1. The filing of the Notice of Intent for the original construction of the basins was filed on May 24, 1985 under DEP #290-112.
2. An as-built plan dated 1990 within the Conservation Commission files, prepared by Robert C. Cournoyer & Associates demonstrates the presence of the detention basins on site
3. The system was not designed, constructed, installed, and/or improved upon on or after November 18, 1996
4. The area(s) meet the qualifications of Bordering Vegetated Wetlands due to the connection through culverts to adjacent wetland resource areas.

Therefore, Commission finds that the areas labelled 'Detention Basin' qualify as Bordering Vegetated Wetland.

Upon mutual agreement, the applicant shall be required to file a Notice of Intent for the repair/maintenance/or associated work to any components of the stormwater system or areas labelled 'Detention Basin' and receive a subsequent valid Order of Conditions from the Conservation Commission prior to the commencement of work.

**NOTES:**

1. OVERALL SITE AREA IS 0.63 ACRES ACCORDING TO ROBER SURVEY.
2. ERODING FEATURES AND WETLAND BOUNDARIES ARE THE WORK PRODUCT OF ROBER SURVEY AND CONTROL POINT ASSOCIATES.
3. ERODING TOPOGRAPHY SHOWN IS TAKEN FROM THE SOUTHERN BOROUGH GS SYSTEM.
4. THE WETLAND RESOURCE AREA BOUNDARIES ON THIS SITE WERE FLAGGED BY GODDARD CONSULTING, LLC AND REvised PURSUANT TO REVIEW BY THE TOWN OF SOUTHERN BOROUGH.

A scale bar with markings for 1 inch and 40 feet. The bar is marked with a vertical line at the top and a horizontal line at the bottom. The vertical line is divided into 16 equal segments, with the first segment labeled '1 INCH'. The horizontal line is divided into 4 equal segments, with the first segment labeled '40 FEET'. There are also smaller tick marks between the major segments.
