Welcome Laura West!

We're excited to welcome Laura West as our new Senior Center Program Manager! Her experience in event planning and wellness-focused programming reflects a deep commitment to supporting the physical, emotional, and intellectual well-being of those she serves.

Hometown Hero!

At the Select Board meeting on June 16th, the Recreation Department and Select Board

Christina, Erin and Travis

congratulate Erin Navaroli for her swift, decisive, lifesaving actions at our Summer Program. Erin noticed a child who was choking, immediately sprang into action, and performed the Heimlich. After the camper was stabilized, Erin quickly turned into counselor mode and made sure she was tended to appropriately. We are so very fortunate to have her as part of the Recreation team this summer!

ARPA Project List

As the Town of

Southborough completes some big projects thanks to ARPA (American Rescue Plan Act) funding, we are highlighting the opportunities we took to make enhancements and updates to town departments and properties. Some are assets to increase serviceability, others are equipment to assist in making work and public offerings easier and safer, and others to beautify the town we love. Below are some projects we are highlighting:

- A DPW trailer for \$125,000
- Fire Alert System Upgrade at \$75,000
- Police equipment for \$24,357
- Hazardous tree removals for \$52,000
- Mental Health Assistance for \$17,000
- Trail enhancements for \$11,252

We'd like to thank our Accounting and Finance Departments for their diligence in acquiring these funds and dispersing them appropriately. ARPA funding was a years-long undertaking requiring exceptional attention to detail, learning on the fly and collaboration with numerous departments, boards and committees. We are lucky to have the talent on staff to bring all of these projects to fruition!
