Department Name
Fire Department

Department Head Name
Steven Achilles

Department Head Title
Fire Chief

Fiscal Year Requested
FY23

Project Description
This project is the purchase of Knox Box Control Units for all apparatus and department vehicles. Knox Keys are used by the department to access Knox Boxes on properties throughout the community. These keys are required to be secured, monitored, and accounted for at all times. The project will fund the purchase of 8 to 10 Knox Box Key Secure 5 units, along with mounting brackets and KnoxConnect Cloud 1 yr. license(s).

Select how your project fits into one or more of the following conditions from the town's Capital Plan
Improvement in the efficiency and effectiveness of service delivery

Why is the project being requested?
The department currently secures Knox Box keys in manual combination lock boxes. There is a need to electronically log access and audit use, as well increase security of all Knox Box Keys.

SECURITY, ACCOUNTABILITY & FLEXIBILITY HEIGHTENED

Protect the Knox Rapid Access System with a Knox KeySecure®. The Knox KeySecure retains the master key and only releases it to authorized users with PIN codes. Accountability for master key access is provided by the unit's retrievable audit trail. Both KeySecure 5 and 6 leverages KnoxConnect to program devices, authorize users, and create comprehensive audit trail reports.
